WELCOME TO WALDHAUS LÜTZELFLÜH!

We will be hosted in a beautiful Retreat Center, with the most amazing wooden retreat hall. The center has been operating for 30 years as a internationally renowned retreat venue. Some 5 years ago the younger generation began a community project in this place and they are only starting to rent it out again to retreats. We are very lucky to enjoy the beautiful energy created over numerous decades. It has a newly created dormitory and possibility to stay in your own tent or camper van.

It is located in a small village in the picturesque region of the Emmental, which is very natural and postcard-like. From the retreat center we have a stunning view of the alps, hear the cows from the farm next door, and can take a walk in the nearby forest to refresh and exercise.

The Waldhause has also a beautiful clay sauna which we are able to rent, if so desired. It is reached by train from Bern, and either a walk through the stunning landscape or we will come to pick you up at the nearest station.

EMMENTAL REGION

The seminars will take place in the Emmental region, which enchants with romantic hills and valleys, garnished with pretty villages and the famous Emmental farmhouses. The green idyll is a place of strength for body and soul. Enjoy the tranquillity of nature and regional delicacies during your activities and experience true hospitality.

If you would like to explore the region before or after the course, there are plenty of beautiful possibilities like hiking, biking, and horseback riding. Amazing well established routes for walking and riding are all over the region. It is also the home of probably the most famous cheese in the world: the emmental cheese! You can experience guided tours in the cheese production and the cellars. There are lots of experimental trails, for example in Lützelflüh Itsels is the "Trail of Senses". The Swiss capital of Bern is just 40min by train away and also very worth a visit. We are happy to provide you with more information and support of what you can explore.
